INDIVIDUAL USE TERMS

Last Updated: 18 February 2026

These Individual Use Terms apply to individuals (“**End-Users**”) who access or use on behalf of a Customer the Software that is made available by Little Beast Software B.V. (“**Licensor**”) under an agreement between Licensor and Customer (“**Agreement**”). These Individual Use Terms govern the direct relationship between Licensor and the End-User. By accessing or using the Software, End-User confirms acceptance of these Individual Use Terms. These Individual Use Terms also apply to free trial subscriptions or free versions of the Software.

1. Authorization. End-User represents and warrants that: (i) End-User is authorized by Customer to access and use the Software; and (ii) End-User shall always act within the scope of that authorization. End-User acknowledges that any breach of these Individual Use Terms may be attributed to Customer under the Agreement.
2. Permitted Use. End-User may access and use the Software solely: (i) on behalf of Customer; (ii) for Customer’s internal business purposes; and (iii) in accordance with the Agreement, the Documentation and these Individual Use Terms. All rights not expressly granted are reserved by Licensor.
3. Restrictions. End-User shall not, directly or indirectly: (i) use the Software for any unlawful purpose; (ii) access, attempt to access or derive the Software’s source code; (iii) reverse engineer, decompile, disassemble or otherwise analyze the Software, except to the extent permitted by mandatory law; (iv) perform or enable benchmarking, load testing, penetration testing, security assessments or vulnerability scanning without Licensor’s prior written consent; (v) bypass, disable or interfere with technical or organizational security measures; (vi) share access credentials or permit access by unauthorized users; or (vii) use the Software outside the scope of the Agreement.
4. Access Security. End-User is responsible for: (i) maintaining the confidentiality of access credentials; (ii) preventing unauthorized access to the Software; and (iii) promptly reporting any suspected security incident or misuse to Customer.
5. Enforcement. Licensor may, with immediate effect and without prior notice: (i) suspend or revoke End-User’s access to the Software; or (ii) impose technical restrictions, if End-User breaches these Individual Use Terms, poses a security or compliance risk, or if such action is required under the Agreement or applicable law.
6. No User-Level Warranties. The Software is provided to End-User “AS-IS”. End-User acknowledges that: (i) Licensor provides no warranties to End-User; and (ii) all warranties, liabilities and remedies are governed exclusively by the Agreement.
7. Governing Law. These Individual Use Terms are governed by the laws of the Netherlands. Jurisdiction for disputes arising out of or in connection with these Individual Use Terms is determined in accordance with the Agreement.
